

DAN STEIN

Berlin, Germany-based singer-songwriter, entertainer and athlete *Dan Stein is dedicating his fifties to bring “Glam’ Rock” and piano ballads back on stage* and into people's minds and ears. Born 1966 in Munich, he's been in various bands, performed in musicals and been growing his solo career in the United States and Switzerland.

Now settled in musicians' Mecca Berlin he has assembled an extraordinary crew of studio professionals and live performers to create music that is, as Stein puts it, *“punching you down, lifting you up, and giving you goosebumps in the process.”*
